The I-15/SR-91 Express Lanes Connector Design-Build Project

The Riverside County Transportation Commission (RCTC), in cooperation with the California Department of Transportation, is pleased to announce the upcoming release of a Request for Qualifications (RFQ) for the I-15/SR-91 Express Lanes Connector.

Estimated Value: \$110 – 130M
Anticipated RFQ Release Date: March 2019

The project will consist of one Express Lane in each direction facilitating a direct east-to-north and south-to-west connection between the recently opened 91 Express Lanes and the future Express Lanes on I-15.

It is anticipated that the RFP will include federal contract provisions including a Disadvantaged Business Enterprise goal.

Scope of Work

The scope of the Design-Build work is anticipated to include:

- A) Design and construction of the Express Lanes infrastructure;
- B) Roadway design and construction;
- C) Structures design and construction;
- D) Traffic management;
- E) Design and construction of certain supporting toll system infrastructure;
- F) Quality Program;
- G) Public Outreach Support;
- H) Scheduling;
- I) Quality assurance and quality control;
- J) Environmental mitigation; compliance monitoring and environmental permitting

Additional Information

For more information regarding the Project, please see attached RCTC ELC Industry Letter.
